

OCONTO UNIFIED SCHOOL DISTRICT

“Leaders & Learners . . . Today & Tomorrow”

Hello Oconto Families,

As you know, The Oconto Unified School District has a reputation of providing a quality educational experience for our students. We are really proud of our staff and our kids. Our teachers and staff meet and exceed our expectations daily and as a result our students continue to excel both during and after their time here in Oconto schools.

We are also very proud of our community and the support you have provided for both our students and district. Over the years we have made great improvements in our facilities, including upgrades to lighting systems and installing infection mitigation ionization systems to improve air quality this past summer. Our facilities play a significant role in the ability of our students to be prepared with the skills and knowledge they need in the modern world they will enter. There continues to be opportunities within our schools that we are studying that will further allow us to help our students reach their fullest potential and prepare for college or careers after high school.

As we continue to further explore opportunities for our facilities and programming, the school district and school board are committed to a strategy that honors and reflects the priorities and expectations of the community and taxpayers. We will be introducing a survey shortly that will help bring your voice into our process as we work to determine a direction forward. When you see the information on the survey, please take a few minutes to complete it so that we are able to consider the opinions and input of as many people as possible. Links to the survey will be available on the district website and Facebook page. You should also receive a postcard in the mail with additional information on how to access the survey.

If you have any questions or want further information, please don't hesitate to reach out to me!

Sincerely,

Emily Miller, Superintendent
