

OCONTO UNIFIED SCHOOL DISTRICT

“Leaders & Learners . . . Today & Tomorrow”

February 4, 2021

From the start of our 2020-2021 school year, we knew that COVID would impact our functions at school . We have needed the support of our entire community to prioritize the learning of our students. It has been our intent to remain transparent with our Health Dashboard and communications.

OUSD has worked very hard to remain compliant with expectations that could reduce the spread of COVID. We have made significant decisions in our mitigation efforts. We have put in a bipolar ionization system in all three buildings. We have focused our efforts on creating student cohort's, social distancing, minimizing visitors to our buildings, and increasing cleaning protocols and sanitization, along with requiring masks for all staff, students, and anyone entering our buildings.

All the efforts mentioned above have helped reduce the risk of COVID for our staff and students. Therefore, regardless of the political action in Madison, all efforts including masks will continue at Oconto Unified School District until further notice.

Thank you for your patience and support as we continue to remain optimistic about finishing our school year with in-person learning.

Sincerely,

Emily Miller

Superintendent
