SUMMER BOOTCAMPS

WANT TO LEARN SOMETHING NEW THIS
SUMMER BUT SHORT ON TIME?

LOOKING FOR A CAMP EXPERIENCE FOR YOUR
MIDDLE OR HIGH SCHOOL STUDENT?

There's an NWTC summer bootcamp for just about everyone!

Enjoy cooking? We have a culinary camp for high school seniors. Interested in engineering, artificial intelligence, or public safety? Try a bootcamp to see if a career field could be a good fit. Or maybe you need to refresh your skills before becoming an NWTC student?

Bootcamps will be held in-person with safety measures, including face coverings and physical distancing, in place.

Learn more and register now at nwtc.edu/Bootcamp

COLLEGE OF BUSINESS

MARK CUBAN FOUNDATION ARTIFICIAL INTELLIGENCE BOOTCAMP

For high school students interested in computer science or engineering

Learn how Netflix always knows what you want to watch, how self-driving cars and smart speakers work, and more. And if you find this bootcamp intriguing, explore the NWTC information technology or engineering technology programs for your career!

June 21 – 24

Monday-Thursday | Noon – 5:00 p.m.

Green Bay campus – College of Business, Room BT234

Cost: Free

Noncredit

EVERYDAY CHEF: COOKING FROM SCRATCH

For high school students, grades 9-12

Do you binge watch cooking shows? Are you tired of eating out of the box or fast food? Do you wish you knew techniques to create your own meal? Here is an opportunity to learn some cooking and baking techniques to help you start cooking from scratch. Learn to make Roman style pizza, semolina and garlic bread sticks, Bavarian cream strawberry short cake torte, panko encrusted mozzarella with basil marinara... And if you love this bootcamp, explore the NWTC Culinary Specialist program for your career!

June 23

Wednesday | 9:00 a.m. - 3:00 p.m.

Green Bay campus – College of Business, Room SC110

Cost: Free

Noncredit

GENERAL STUDIES

KICK-OFF TO COLLEGE AND CAREER

For individuals interested in taking or retaking the Accuplacer; and/or those who are unsure of their career path

Would you like to refresh your test taking skills? Not sure which degree program might be the right fit? This four-day experience will help you to brush up on reading and test taking strategies. You'll also look at your current career goals, explore program options, and learn about NWTC resources. On the final day, you'll have the option to take or retake a placement test and/or meet with an academic advisor to start you on your educational journey to your ultimate career goal.

OPTION ONE

July 26-29
Monday-Thursday
9:00 a.m. – noon

OPTION TWO

August 2-5
Monday-Thursday
6:00 p.m. – 9:00 p.m.

Green Bay campus – Student Center, Room SC360A/D
Cost: Free
Noncredit

HEALTH SCIENCES

PERSONAL WELL-BEING RETREAT

For high school students, grades 9-12

Experience a three-day workshop focused on enhancing your personal well-being. Activities include goal setting, behavior change strategies, nutrition, stress management, and exercise and movement. Hands-on activities will enhance personal well-being, can be used to promote wellness to others, and will help participants learn about careers within the field of wellness and health promotion. (Physical activity will be planned; special accommodations can be discussed with program leaders if needed.)

June 15-17
Tuesday-Thursday | 9:00 a.m. - noon
Green Bay campus – Health Sciences Center, Room HS408B
Cost: Free
Noncredit

PUBLIC SAFETY

CAREERS FOR THE COURAGEOUS

For high school students, grades 9-12

Could public safety be your passion? Discover what it is like being a firefighter, police officer, and emergency medical service (EMS) professional. You will experience hands on activities in areas such as forensics, virtual reality, extinguishing fires, emergency medical skills, and more!

Sturgeon Bay campus

June 16-17

Wednesday and Thursday | 9:00 a.m. – 3:00 p.m.

Cost: Free

Noncredit

Marinette campus

June 21-22

Monday and Tuesday | 9:00 a.m. – 3:00 p.m.

Cost: Free

Noncredit

Green Bay campus – Public Safety Training Center/Tac House

July 12-13

Monday and Tuesday | 9:00 a.m. – 3:00 p.m.

Cost: Free

Noncredit

TRADES & ENGINEERING TECHNOLOGIES

PROTOTYPE AND DESIGN CAMP

For high school students, grades 9-12

Learn the skills to build prototypes using 3-D printing, laser etching, molding, welding, CNC machining, and RTV mold making. You will discover what it's like to work in prototype and design, a career field in which you can bring concepts to reality and choose the best path for a product's development.

June 14-16

Monday-Wednesday | 9:00 a.m. - 3:30 p.m.

Green Bay campus - Advanced Manufacturing Center, Room MC111

Cost: Free, participants must apply and be accepted

Noncredit

ENERGY INDUSTRY INTRO

For high school instructors and counselors

Gain an understanding of NWTC's energy programs. Experience activities that happen daily within the utilities industry. The experiences will involve gas installation, electric power, engineering, solar, and the management of household energy.

June 21-22

Monday and Tuesday | 8:00 a.m. - 4:00 p.m.

Green Bay campus - Great Lakes Energy Education Center, Room EE203

Cost: Free

Noncredit

ENGINEERING EXPLORATION

For high school instructors and counselors

Gain an understanding of NWTC's engineering technology programs. Experience activities that happen on a day-to-day basis within the engineering field. These experiences will involve civil, electro-mechanical, automation, prototype and design, architecture, bio-medical, and utilities.

June 21-23

Monday-Wednesday | 9:00 a.m. - 3:00 p.m.

Green Bay campus - Engineering Technology Center, Room ET129

Cost: Free

Noncredit

ENERGY INDUSTRY INTRO

For high school students, grade 9-12

Experience activities that happen every day in the utilities industry. The experiences will involve gas installation, electric power, engineering, solar, and the management of household energy.

June 23-24

Wednesday and Thursday | 8:00 a.m. - 4:00 p.m.

Green Bay campus - Great Lakes Energy Education Center, Room EE203

Cost: Free

Noncredit

NUTS, BOLTS & THINGAMAJIGS ELECTRO-MECHANICAL CAMP: INTRODUCTION TO WIRING, ELECTRICITY, AUTOMATION, PLCs, AND DESIGN

For ages 12-15

Offers students a chance to learn hands-on about wiring, electricity, automation, programmable logic controllers (PLCs), and design. Students will be introduced to SolidWorks design software, learn about PLCs in everyday life, and work with Snap Circuits, robots, and Mobile Modular trainers, all while learning about safety in this field. Students will work on projects from design through completion such as rockets. Tours of local industry and speakers in the class will show students career pathways in the fields of electro-mechanical and automation. Breakfast and lunch will be provided as well as a free camp t-shirt.

July 12-16

Monday-Friday | 8:00 a.m. - 2:00 p.m.

Marinette campus

Cost: \$99, scholarships available

Noncredit

TRADES & ENGINEERING TECHNOLOGIES

NUTS, BOLTS & THINGAMAJIGS CNC MACHINING CAMP: INTRODUCTION TO COMPUTER AIDED MACHINING AND DESIGN

For ages 12-15

Offers students a chance to learn hands-on about computer-aided machining and design. Students will be introduced to Mastercam and SolidWorks design software, learn about machines such as drill presses, lathes, and milling machines, and be guided through safety lessons for this manufacturing field. Students will work on projects from design through completion such as a metal puzzle, a wood peg game, and personalized wind chimes. Tours of local industry and speakers in the class will show students career pathways in this field. Breakfast and lunch will be provided as well as a free camp t-shirt.

July 19-23

Monday-Friday | 8:00 a.m. - 2:00 p.m.

Marinette campus

Cost: \$99, scholarships available

Noncredit

NUTS, BOLTS & THINGAMAJIGS WELDING

For 7th and 8th grade students

Learn how to weld and use fabrication equipment. You will fabricate and weld a project and go on tours of local manufacturers.

August 2-5

Monday-Thursday | 9:00 a.m. - 3:00 p.m.

Green Bay campus – Advanced Manufacturing Center,
Rooms MC105 and MC109

Cost: Free

Noncredit
